# ALENA GUILLAUME

## REACT FRONTEND DEVELOPER

I'm a motivated, responsible, and quality driven professional with experience in developing in JavaScript and knowledge of modern frontend frameworks. A team-player always willing to help and support others, autonomous and a fast learner, I have very positive can-do attitude.

## Work Experience

### Educational Platform Development Internship

*ITGirls Online School*

Participated in development of online school study platform: knowledge-test implementation and bug-fixing. Worked with React, MobX, firebase.

### Frontend Developer

*Single-Page Application for Learning English (personal project)*

Developed a React flashcards application using React Hooks, MobX, React-Router v6, API:

- <https://github.com/AlenaGM/Flashcards-App.git>

*Website for Booking Travel Excursions (team project)*

Developed a website for booking excursions leading a team of 7 developers. Used Agile methodology, HTML, CSS, JS

- <https://github.com/AlenaGM/Mogu-Travel.git>

*Website for a fundraiser (team project)*

Developed a responsive website for a fundraiser in a team of 4.

- <http://juliapopova.ru/>

### Translator and localization specialist

*Confidential employer (NDA) – Paris, France*

Translation/localization of mobile platform for retail operations, communications, workflow automation, and performance analytics.

- Worked in multilingual team of 13 translators
- Translated, proofread, and tested platform-related content using LingoHub localization software
- Created necessary documents such as glossary, etc.

### Full-time independent translator

*Latest projects:*

- Withings Health Mate – fitness and health tracker mobile application
- Mobile application and websites for Swiss Medical Network clinics
- Website and product catalog for Gambarotta Gschwendt
- Certificates of quality and material testing for Raccortubi Group
- Website and product catalog for Nescens cosmeceutical treatments
- Information brochure of a private boarding school Ecole des Roches
- Information brochure for Sanofi AMESA consumer health products division

## Earlier Work Experience
